

Food Tent Service Application

Introduction and Background

Wisconsin Farm Technology Days (www.wifarmtechnologydays.com) intends to use the results of this application process to assign non-profit or community-based organizations to staff Food Tents for the Wisconsin Farm Technology Days-Jefferson County show held July 23-25, 2019.

Wisconsin Farm Technology Days (WFTD) is a non-profit, educational organization that has sponsored an annual event showcasing agriculture and related industries since 1954. Wisconsin Farm Technology Days-Jefferson County is expected to draw up to 40,000 visitors over the three day show.

WFTD-Jefferson County will be hosted at the Walters Grain Farm located in Grellton, Wisconsin. WFTD is operated in a farm field using all portable equipment, including tents, generators, water supplies, satellites, etc. Food will be served from six large food tents, two ice cream tents and four beverage tents. All tents will be staffed by non-profit organizations coordinated by the WFTD Jefferson County Food Committee.

Scope

Wisconsin Farm Technology Days-Jefferson County is seeking Food Tent Service volunteers to work July 23-25, 2019. Your non-profit organization is invited to submit an application indicating your interest to provide staffing for the food tent operations, including but not limited to cashiering, food preparation, and serving. Please know that long periods of standing and/or being "on the move" is required.

WFTD prides itself on giving back to the community; revenue from food, beverage, and ice cream sales is paid out to organizations that staff the tents. We hope you consider this opportunity to raise funds for your organization.

Thank you for your interest and we look forward to working with you,
